

The Bobeam Tree Trail

The magical Bobeam Tree will be flourishing here at Lowry until June 2026. Like all of us, it thrives on joy, exploration, and making memories together. We hope the Bobeam Trail will create joyful experiences for you and your children.

The Bobeam experience draws on The Royal Foundation Centre for Early Childhood's Shaping Us Framework. The Shaping Us Framework describes the social and emotional skills that support children throughout their lives, and that are nurtured when you spend quality time interacting together.

Hi! I'm Jack the Dog!

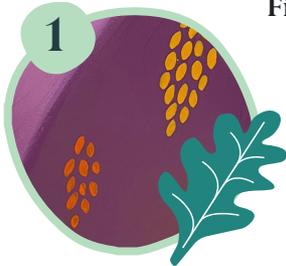

I live in a painting here at the gallery.

I was excited when a magical Bobeam Tree appeared at Lowry, and now we are great friends: I even sleep under the Tree at night!

The Tree needs to hear stories, they help its leaves to stay bright and colourful. But it is rooted in one place. So I help by moving around the gallery to find what's going on and coming back to share what I find with the Tree.

Can you help me find some stories to tell the Bobeam Tree today?

Let's find some stories for the Bobeam Tree. Come on, follow me!
Five little pups are hiding around the gallery.

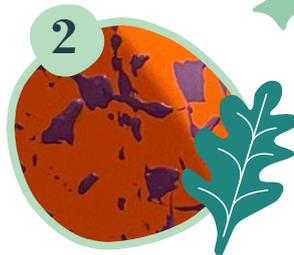

Peek peek peek - oh what a sight, a dog that's colourful, bold, and bright.

When I prick up my ears, I think the paintings are talking! What do you think they're saying? Let's tell the Tree.

Sniff sniff sniff - what's that smell? A dog by the seaside, chasing a shell.

I sniff the sea air to feel calm. Can you slowly breathe with me?

Pat pat pat - don't rush, don't rush, Find the little dog that's so fun to touch.

The Bobeam Tree wants to know how this feels. Is it hairy? Smooth? Bumpy? Fluffy? What do you think?

Tiptoe tiptoe - in the soft gallery light, Spot the little dog that's black and white.

I see a dog that's a bit like me. Can you find something in the paintings that's a bit like you?

Last one now - give it a jog, Go find the special Camille Walala dog.

What did you spot today that you liked best? Come on - let's share it with the Bobeam Tree!

Thanks for helping me find stories for the Bobeam Tree today.

The story doesn't end here though: collect a sticker from the desk to take home, and tell someone else the story of what you've been doing today.
